Energy and Resources Division
Ministry of Commerce
P.O. Box 1473
Wellington

Dear Sir / Madam

P.L.A. 3102583-00 K.J.LANDAUS

Please advise urgently the current situation with regard to your processing of the above application.

On my part, I attach copies of letters to and from the Minister of Conservation and the Prime Minister.

Neither of their letters clarify the reasons why my prospecting application is not proceeding nor do they specify which government department is actually controlling the nephrite mining issues.

Three years have passed since making this application and to date I have not received any notification from your office stating the Ministry of Commerce's position on the matter. After all I have paid a licence application fee along with thousands of dollars in survey costs etc and do, at least expect some service consideration in return.

Before I approach my solicitor for legal advise on this matter I respectfully await your reply.

Yours sincerely

K.J. Landaus
