Dear Mr Landaus,

**Mining privileges**

Thank you for your letter, received today. I have given careful consideration to your proposal, which I understand concerns certain licences or permits for mining pounamu. With regret, I advise I am unable to accept your case as I no longer undertake barristerial work. If you have not done so already, I suggest that you contact the New Zealand Law Society with your concerns as they will be better placed to provide assistance.

Yours sincerely,

David A R Williams QC
